May 28, 2021

Professor Fan Liming
President
Shandong University

Dear President Fan Liming,

I am honored to receive your invitation to attend Shandong's 120th anniversary celebration in October 2021.

We are proud of our collaborations with Shandong University and pleased that our colleagues in archaeology have continued to make progress on their work through our Joint International Research Laboratory of Environmental and Social Archaeology. We all look forward to further partnerships in the years ahead.

Please accept my warmest congratulations to you and your colleagues on this milestone occasion. You have selected an important theme for the World University President's Forum—Higher Education for a Shared Future: Addressing Global Challenges. I wish you every success for the forum and in this anniversary year.

Sincerely,

Peter Salovey
President
Chris Argyris Professor of Psychology
