**To the President of the
Shandong University
Professor Fan Liming**

Dear Professor Fan Liming!

On behalf of the National Research University "Moscow Power Engineering Institute" let me cordially congratulate the professors, staff, students and you personally, Professor Fan Liming, on the 120th anniversary of Shandong University!

We know Shandong University as one of the oldest and prestigious universities in China. We hope that the academic ties between Shandong University and MPEI will continue to provide openness and friendly relations. We expect that our cooperation will allow our universities to organize and implement joint projects, intensify cultural communication, establish relations, which, we believe, will develop successfully and fruitfully for the benefit of both sides.

Please accept the warmest wishes of health, happiness, well-being, fulfillment of plans and progress in the education of the young generation and training highly qualified personnel who will determine the main directions of development of science and the economy of your country.

Sincerely yours

MPEI Rector

Nikolay ROGALEV
